

District 91 Building & Grounds Committee
September 15, 2009

The District 91 Building & Grounds Committee met at 6:30 p.m. on September 15, 2009 in the Superintendent's Office at Kelvin Grove School.

Members Present: Pete Vasiliades, Jim Pierson, John Holloway, Donna Gray, Jack Glasscock, Michele Wilson, Rob Maida, Bev Carlock, Linda Sharp

Members Absent: Tracy Carlson, Mary Jo Slingerland
Others Present: None

Discussion Items:

Continuation of the August meeting...

Mr. Pierson updated committee members on work completed on the priority list established at the August meeting. At this time all items on the August 2009 priority list have been completed.

Mr. Pierson updated committee members on an ongoing concern with the waste line from the women's bathroom located in the central office. The line has separated and one section is now lower than the other creating a lip which catches debris and then after time causes the line to be clogged. He suggested that this item be attended to over the summer break in 2010.

Mulch to be put down at KG in the spring so as not to be compacted over the winter.

Water problem around Kelvin Grove after heavy rainfall has been taken care of.

Cost to raise storm drains at Milne \$1464.00

Building representatives shared the following items:

Are scoreboards at KG completed? One scoreboard is still being worked on.

The committee discussed the installation of an Ice Mountain direct line water cooler in each building. This will save the District money and prevent the need of storage for water containers.
