Mr. Pierson provided members with a summary of the work completed over the summer. The committee members discussed the remaining items to be addressed. Discussion took place regarding the recent vandalism at Kelvin Grove School and the installation of new video surveillance cameras.

Mrs. Carlock asked the committee to consider establishing procedures for custodial crew if/when they are absent for an extended period of time. Mr. Pierson will follow-up by contacting some of the temporary services in the area.

Additional items were identified as needing attention by committee members:

- Milne Grove back door shuts quickly and arm doesn't hold open. Mr. Pierson indicated that two of the closures are leaking hydraulic fluid but not at a fast rate.
- Ceiling in lunch room/office at Milne Grove needs to be replaced in some areas.
- A yellow line at the front step at Milne was requested to help people entering and exiting school to see elevation change better.
- Old gym door at Kelvin Grove in back not closing all the way. Mr. Pierson indicated that a new kick plate had been ordered and would be installed.
- Mrs. Carlock asked about replacing mulch near fourth grade wing with a different product so that it would stay secure in heavy rains. Requested that a few of the boards on the bleachers be evaluated and replaced as necessary. Suggested that cover to the sprinkler be chained as it keeps disappearing. Concern over the outlet near the playground being a hazard.
