## **Miles of Smiles**

District 91 is happy to announce that Miles of Smiles will be coming to Kelvin Grove on **Friday, February 9, 2018** and to Milne Grove on Thursday, February 8, 2018. This is a **free** portable dental clinic that performs an oral exam, cleaning, and fluoride treatment in school. This is a perfect way for kindergartners, second graders, and **Sixth Graders** who require an exam during the year to meet state requirements.

**Illinois State Law requires all 6th Grade Dental Exam Forms to be due by May 15, 2018.**

**This program is also great for ANY student who needs a routine cleaning and checkup by a Licensed Dental Health Professional.**

**There is no cost to the family or school for using this service.**

You can find and print the permission slip for Miles of Smiles from the D91 website under *Important Dates* on the homepage or in the virtual backpack. If you do not have access to the online permission slip please contact me and I can send a copy home with your student. This permission slip needs to be fully completed in order for your child to participate in this **free dental program**. Your child will also be entered into a drawing for a chance to win some great oral hygiene products once the permission slip is returned.

Please return completed permission slips to the Kelvin Grove Health Office. Permission slips will be accepted until January 29, 2018 but we ask you to please return them as soon as possible so we have an accurate count of students that will be participating.

Feel free to contact me with any questions you may have. Thank you!
